YOU TAKE CARE OF YOUR CLIENTS

WHO'S TAKING CARE OF YOUR BUSINESS?

Independent Life provides safe and secure settlement and tax planning solutions for not only your client's future, but for you and your law firm as well.

Our structured settlements provide flexibility in how you receive your guaranteed payments and reduce your risk from volatile market conditions. You and your clients deserve a future free of financial insecurities - let us take care of you, while you take care of your client.

WHY ATTORNEYS SHOULD CONSIDER DEFERRING THEIR FEES

Spread your income and stabilize your average tax bracket from year to year by securing your attorney fees in a structured settlement.

Provide a guaranteed source of future revenue to cover your operating costs with guaranteed payments for business expenses such as payroll, office rent, marketing and advertising.

Defer tax payments until you choose to receive your funds to potentially avoid a large fee being taxed at the highest marginal tax rate.

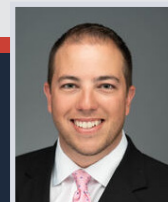

Ensure a future for both your firm and your legacy.

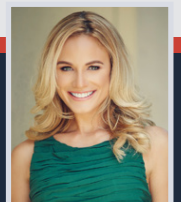

MAKE A PLAN FOR YOUR FEES TODAY.
